Yukon Mint™ Announces 2018 Gold Coin Contest

Whitehorse, Yukon September 12, 2018: The Yukon Mint™ Corporation (**Yukon Mint™**) is pleased to announce it is now accepting submissions for the 2nd 'My Kaska Nation' gold coin design contest. This contest is open to all Kaska citizens and offers artists the opportunity to honour the Kaska culture, history and the land by presenting a design that recognizes Kaska art and the Kaska Nation.

For additional information and contest guidelines please visit: <http://www.yukonmint.com/design-contest/>.

The Yukon Mint™ is focused on creating gold coins that will be Yukon in almost every aspect, from raw material to design. The Yukon Mint™ works in partnership with First Nation and other governments, corporations and organizations to ensure local communities benefit from Yukon mining and exploration projects. A percentage of the net profits from the sale of the gold coins is shared with the Kaska Nation.

The Yukon Mint™ is a wholly owned subsidiary of Golden Predator Mining Corp. and the coins incorporate gold from Golden Predator's 3 Aces Project bulk sampling program in Canada's Yukon. The bulk sample, a vital exploration tool, is processed at Golden Predator's Yukon test facility which is demonstrating high gold recoveries through the use of conventional gravity recovery methods without the use of chemicals.

For more information on Golden Predator Mining Corp., please see www.goldenpredator.com.
